Travel meets Tech

Working Student Frontend Development (m/f)

Holidu is building the world’s best search engine for vacation rentals. Our mission is to finally make finding and booking the perfect rental as easy as a Sunday morning. We are on this journey in a rapidly growing team of travel and technology enthusiasts from all over the world. Our travel mates also include investors and mentors who have helped companies such as Booking.com, Spotify and Zalando to achieve global success. So, pack your bag, hop on board and get ready for take off!

Our Tech Stack

- RESTful APIs with Java 8, Play 2.5, Akka, Guice, Spring, Ebean and Node.js / Express
- Search engine with Elasticsearch 5.4.0 cluster
- Single page applications built with React (SSR) and Angular
- Native Android, native iOS and React native applications
- Data storages with PostgreSQL 9.5, MongoDB 3, Redis 2.8
- Jenkins, Git, AWS
- Nano services with Amazon Lambda
- Virtualization with Docker, automatization with Ansible
- Monitoring with ELK 5.3.0, NewRelic and own technologies
- BigData und Machine/Deep Learning with Redshift, Spark and TensorFlow

Your role in this journey

- Become part of a team which continuously refines our Web Applications that are used by millions of costumers
- Develop new features and implement new technologies
- Together with your team you will bring our Web Application to the next level
- Collaborate closely together with well experienced Backend Developers and Data-Scientists using newest search technologies

Your backpack is filled with

- Ongoing studies in computer science or similar course of studies
- First practical experience especially in JavaScript, HTML5, CSS, Sass/Less, jQuery
- Knowledge of AngularJS or similar frameworks
- Strong motivation to constantly learn and apply new technologies

Our adventure includes

- Cutting edge technology in all areas of our fast-growing business
- A diverse international team with the ambition to achieve amazing things
- Flat hierarchies, responsibility and freedom to develop your own ideas
- Continuous learning from and with experienced co-workers and mentors
- Real team play with a lot of fun together during and outside of work
