

About Roche

Roche is a global pioneer in pharmaceuticals and diagnostics, focused on advancing science to improve people's lives. The combined strengths of pharmaceuticals and diagnostics under one roof have made Roche the leader in personalised healthcare. Roche is active in over 100 countries and more than 100.000 people worldwide are committed to the research, development and marketing of innovative health solutions. Roche is spearheading the next generation of healthcare with partners around the globe. We are bringing together a unique understanding of human biology with new ways to analyse health data. Our vision is to ensure that the screening, diagnosis, treatment and even prevention of diseases will more quickly and effectively transform the lives of people everywhere - ensuring the right treatment for the right patient at the right time. We are at a pivotal moment in healthcare history. An unprecedented convergence of medical knowledge, technology and data science is revolutionising patient care. Find out more about [Roche](#).

Healthcare Xplorers

With Healthcare Xplorers, we want to take the cooperation with academia to the next level, complement our industry perspective with new perspectives and get in touch with engaged students and PhDs in the field of data. Participants get the chance to solve real business challenges, to gain insights into the Roche world and to help make a difference for patients. And last but not least, Healthcare Xplorers can be their perfect entry point for a career at Roche.

With Healthcare Xplorers, we want to explore new ways to generate added value for our business, to transform patients' lives and to open new horizons for young talents. We are convinced that fresh thinking is key to develop new solutions – and this is where you come in. Do you love data? Are you an out-of-the-box thinker? Then [join us](#) to make a change and win an attractive deal!
