# Supporting Online Customers by Plausibility Checking

Project in Cooperation with BAUHAUS

#### Online Shopping at Bauhaus

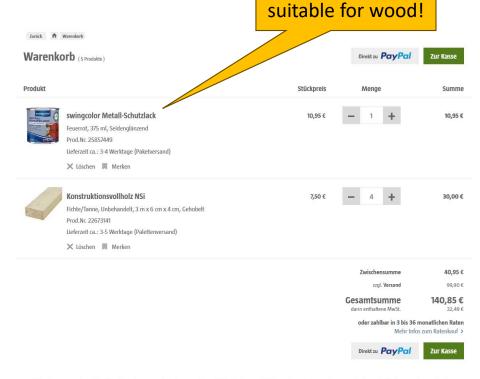

## Supporting Online Customers by Plausibility Checking

• Or: preventing DIY fails

### Online Shopping at Bauhaus

- >400M Euro turnover/year
- Unlike in store shopping: no customer support

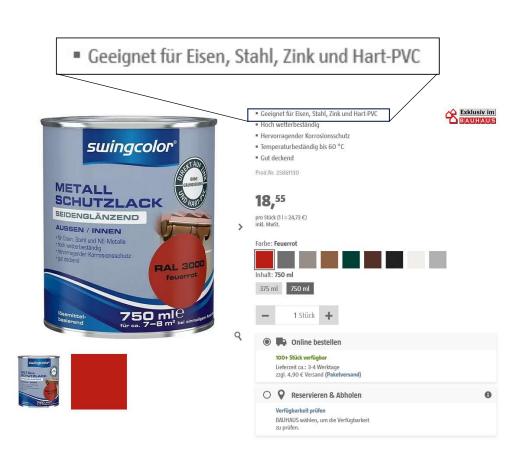

This color is not

Modelländerungen, Farb- und Strukturabweichungen vorbehalten. Darstellungsfehler bleiben vorbehalten und verpflichten nicht zum Verkauf. Beschaffenheitsangaben stellen keine Garantlien im Rechtssinne dar. Grundpreise gemäß Preisangabenverordnung sind in der jeweiligen Produktdetallansicht angegeben. Die Zahlung kann wahlweise per Sofortüberweisung, PayPal, Kreditkarte, Rechnung, Lastschrift, Gutscheinkarte oder PLUS CARD erfolgen. Die Auslieferung der Ware erfolgt ausschließlich innerhalb Deutschlands. Bei Einkäufen im Online-Shop ist der Vertragspartner die BAUHAUS E-Business GmbH & Co.KG., 68167 Mannheim, Gutenbergstraße 21.

#### Goals of the Project

- Learn product (in)compatibilities
- Collect data from various sources
  - From shopping histories
  - From product catalogues
  - From existing Al
    - e.g., common sense knowledge graphs
    - e.g., LLMs
- Include common sense reasoning
  - Iron and steel are metal
  - Metal is not wood

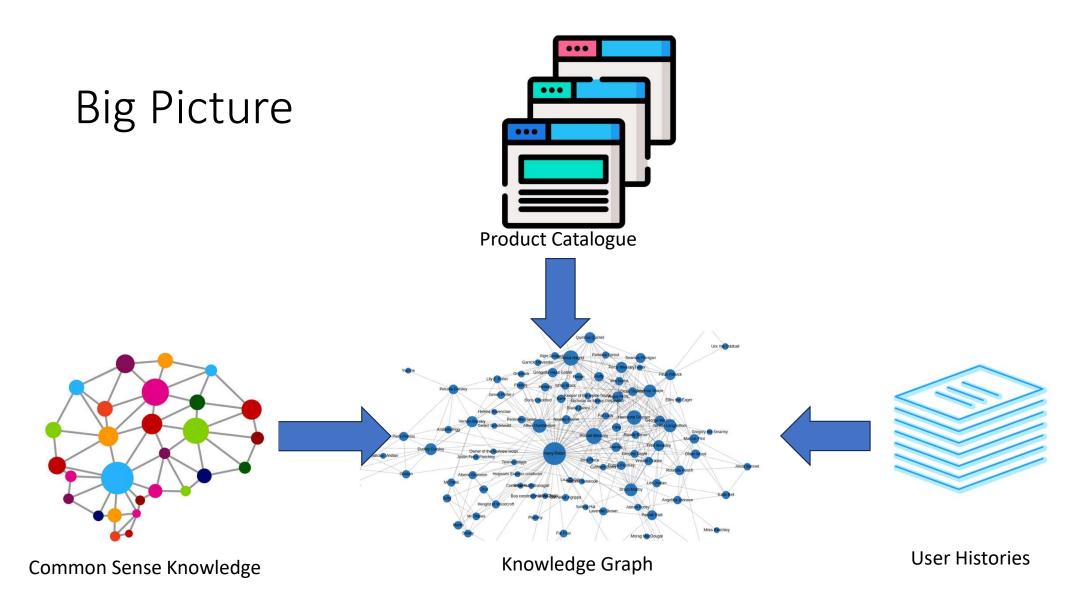

#### Goals of the Project

- Improve shopping experience and customer satisfaction
- Reduce returns
- Assist the user by
  - Finding possible compatibility issues in shopping carts
  - Identifying compatible substitutes

#### Your Tasks & Challenges

- Overall goal: Create an Al-based shopping assistant
- Define test cases
- Gather and integrate data
- Evaluate quality
- Fine tune models
- Present to people at BAUHAUS

#### Us...

Heiko Paulheim, DWS

Franz Krause, DWS

Hauke Mang, Bauhaus

#### You...

...have attended a few AI related lectures, e.g.,

...Data Mining

...Knowledge Graphs

...Web Data Integration

...are knowledgeable in programming

...have basic knowledge of German
